

PRESS RELEASE: FISCHER ACQUIRES BBN

FISCHER Strengthens Position as Leading Solution Provider for High-Precision Machining in Switzerland

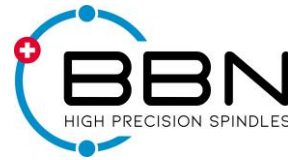

- **FISCHER Joins Forces with BBN Spindles SA:** As a commitment to bringing solutions to the manufacturing industry and expanding its capabilities and presence in the high-precision machining industry, FISCHER Group proudly announces the acquisition of BBN Spindles SA based in Bôle, Neuchâtel. BBN's expertise in small and precise spindle systems complements FISCHER's portfolio and global scale and strengthens both parties.
- **Commitment to Service and Repair of Spindles:** The acquisition reinforces FISCHER's dedication to providing exceptional spindle service and repair solutions, ensuring optimal reliability, performance and customer satisfaction. The combination of FISCHER's international reach and BBN's agility in high-precision small spindles creates new opportunities for innovation and growth.
- **Strengthening Partnerships:** FISCHER deepens its collaboration with Switzerland's high precision manufacturing industry, driving innovation and fostering growth as a partner of Switzerland's manufacturing community.
- **Advancing Through Digitalization:** Leveraging cutting-edge digital technologies, FISCHER plans to enhance preventive maintenance and optimize spindle applications, delivering smarter, more efficient solutions to its customers. Together, FISCHER and BBN will cover the full spectrum of spindle solutions - from compact ultra-precise systems to high-performance industrial applications.
- **FISCHER in Swiss Romandie:** BBN Spindles SA will be the new presence of FISCHER Spindle Group AG in the French-speaking Swiss Romandie, improving accessibility and strengthening its regional presence.

Summary:

FISCHER Spindle Group AG continues to solidify its position as a reliable and trusted spindle partner in the high-precision machining industry, both in Switzerland and globally.

BBN Spindles SA remains an independently managed company within the Fischer Group, focused on enhancing its services, fostering strong industry partnerships, and adopting innovative digital solutions to meet the evolving needs of its customers.

Roman Rudolf has been appointed Managing Director at BBN Spindles SA. With over 20 years of experience at FISCHER, where he served as Sales Director and Head of Digital Solutions, he brings

extensive expertise to his new position. His vision and leadership will drive the continued growth and strategy of BBN Spindle SA as a distinguished solution provider for end users.

FISCHER is committed to being "Your Spindle Partner" in Switzerland and beyond!

"With the acquisition of BBN, FISCHER demonstrates a clear commitment to Switzerland as a production workplace. Together, we will enhance our support for customers in precision manufacturing through service, repair, and digital solutions, while strengthening the industry. We are very happy to welcome BBN into the FISCHER family!"

Tobias Moser, CEO

"As the new managing director, I am looking forward to building on the successful collaboration between FISCHER and BBN. We will combine the strengths of both companies to provide our customers with an even broader range of solutions, from first-class service and repairs to cutting-edge digital technologies. I am confident that this partnership will allow us to have a lasting impact on the industry and provide our customers with the best possible support as they move forward."
